

COBRA

Bird, mostly piscivore. All continents except Antarctica. Its large throat pouch is used for catching prey.

PELICAN

Reptile, carnivore. Found only in some Indonesian islands. It is the largest living species of lizard.

KOMODO DRAGON

Bird, omnivore. Africa. It is the largest flightless bird. Its long legs enable it to run at speeds of over 65 km/h.

OSTRICH

HIPPOPOTAMUS

Mammal, herbivore. Australia. Its large, powerful hind legs and large feet are adapted for leaping.

KANGAROO

Mammal, mainly herbivore. Africa. It is the largest living primate, living in tropical or subtropical forests.

GORILLA

TOUCAN

Bird, mainly frugivore. Neotropics. Toucans nest in tree hollows excavated by other animals.

RHINOCEROS

FLAMINGO

HUMMINGBIRD

KOALA

DROMEDARY

MACAW

BAT

VULTURE

Mammal, herbivore. Africa and Asia. It comes from the Greek word for "horn." Rhinoceroses have a single horn, but some species have two. They are known for their thick skin and ability to charge.

Mammal, herbivore, Australia. It lives on eucalypt trees, whose leaves make up most of its diet. Koalas are known for their slow movement and long life span.

Bird, South and Central Americas. Its facial feather pattern is as unique as a fingerprint. Macaws are known for their vibrant colors and intelligence.

Bird, carnivore. There are New World and Old World vultures, but they are not closely related to each other. Vultures are known for their scavenging habits and long life span.

TIGER

ARMADILLO

LION

ALBATROSS

LLAMA

ELEPHANT

ZEBRA

IGUANA

WALRUS

GIRAFFE

PANDA

CROCODILE

CHAMELEON

PENGUIN

Mammal, herbivore, Africa. It is the tallest living terrestrial animal and the largest ruminant.

Mammal, mainly herbivore, South-central China. Its diet consists almost exclusively of bamboo.

Reptile, mainly insectivore, Africa, Southern Europe, Southern Asia. Known for its ability to change color.

Bird, mainly piscivore. It is an aquatic, flightless bird that lives almost exclusively in the Southern Hemisphere.

SIMILIO WILD ANIMALS

RULES

Similio is a cooperative game: all players work together to identify the Secret Character using a series of Clues.

GET READY!

Choose or randomly select one player to be the Clue Giver. The other players will be the Guessers. The Clue Giver shuffles the deck and places it face down on the table.

Then, the Clue Giver must:

1. Draw 1 card and secretly look at it. This will be the **SECRET CHARACTER** that must be found by the Guessers!
2. Draw 11 more cards and shuffle the Secret Character with them. These will be the 12 Characters in this game.
3. Place the 12 Characters on the table, face up, creating a 4x3 grid.
4. Finally, the Clue Giver draws a hand of 5 cards from the deck. This will be their starting hand of Clues.

1

GAME ROUNDS

The game is played over 5 rounds; during each round the Clue Giver will play 1 Clue, then the Guessers will remove one or more Characters from the grid. If the Guessers remove the Secret Character, all players **IMMEDIATELY LOSE**. If they manage to remove every card except the Secret Character instead, **ALL PLAYERS WIN!** Let's see how to play!

1 - PLAY A NEW CLUE

The Clue Giver must play 1 Clue from their hand to help the Guessers identify the Secret Character. Clues can be played either vertically or horizontally:

VERTICAL CLUES - characters on Clues played vertically have something **SIMILAR** to the Secret Character.

HORIZONTAL CLUES - characters on Clues played horizontally have something **DIFFERENT** from the Secret Character.

The Clue Giver cannot speak, make gestures, nor use any other method to communicate with the Guessers: they can only play Clues on the table.

Right after playing a Clue, the Clue Giver draws 1 card to refill their hand up to 5 cards.

The Clues that are played are not removed at the end of the round, and a new Clue will be added at the beginning of each round. They will all remain valid until the end of the game.

2

The similarities (or differences) between the Secret Character and the characters depicted on the Clues are only limited by the Clue Giver's imagination: physical details, emotions, professions, ideas, and so on... it will be up to the Guessers to understand what the Clue Giver is trying to suggest!

MACAW

HUMMINGBIRD

HUMMINGBIRD

HIPPOPOTAMUS

EXAMPLE: The Clue Giver must lead the Guessers to identify the **MACAW**. They could play the **HUMMINGBIRD** vertically, to imply that the Secret Character is a bird, lives in a tropical area, or is a colorful animal. Or, they might play the **HIPPOPOTAMUS** horizontally to point out that the Secret Character is not a mammal, is not a very big animal, or does not live in Africa.

3

2 - DISCUSS AND REMOVE CHARACTERS

The Guessers must now analyze the Clue that was played (horizontally or vertically) and discuss in order to remove cards they believe are NOT the Secret Character.

During the first round, Guessers must remove 1 card—from the 12 showing—which they believe is NOT the Secret Character, using the information the Clue Giver gave them.

FLAMINGO

EXAMPLE: The Clue Giver plays the **FLAMINGO** vertically. The Guessers look at the cards on the table and begin to discuss. They think that the Secret Character could be a bird or could have a vibrantly colored fur. They decide to remove the **ELEPHANT**, since this card seems to have nothing in common with the **FLAMINGO**.

If the Character removed by the Guessers is **NOT** the Secret Character, they continue to the next round and the Clue Giver plays another Clue. The Guessers must remove 2 Characters in the 2nd round, 3 Characters in the 3rd, and 4 Characters in the 4th. For the 5th round, only 2 Characters will be remaining. After the fifth Clue is played, the Guessers must remove 1 of the 2 remaining Characters. **IF THE LAST CHARACTER REMAINING IS THE SECRET CHARACTER, ALL PLAYERS WIN!**

Note that if the Guessers choose to remove the Secret Character at any point during the game, all players IMMEDIATELY LOSE!

HOW TO PLAY WITH DIFFERENT DECKS OF CARDS

There are different versions of **SIMILO!** If you have more than one, you can combine two different decks of cards to create new and interesting strategies!

Just choose two versions of **SIMILO** and use one as the Character deck (A) and the other as the Clue deck (B).

SETUP

The Clue Giver draws one card from the Character deck (deck A, for example: **SIMILO: Wild Animals**) and secretly looks at it. This will be the Secret Character. Then they draw 11 more cards from the Character deck, shuffles those cards together, and places them all on the table, face up, creating a 4x3 grid. These will be the 12 Characters in this game.

Finally, the Clue Giver draws 5 cards from the Clue deck (deck B, for example: **SIMILO: Animals**). This will be their starting hand of Clues.

GAME ROUNDS

Follow the same rules used for a regular game with one deck, with the only exception that the Clue Giver can only use cards from the Clue deck (B) to play Clues and to refill their hand of cards.

HORSE

LIZARD

EXAMPLE: The Clue Giver must lead the Guessers to identify the **LLAMA**. They may play the **HORSE** vertically, to imply that the Secret Character is a quadrupede, is a mammal and is herbivore. Or, they may play the **LIZARD** horizontally, to point out that the Secret Character is not a reptile, is not carnivore and is not a small animal.

Now challenge yourselves and find the right clues linking the Beaver to the Chameleon!

SIMILO WILD ANIMALS

SIMILO WILD ANIMALS

1 A SECRET CHARACTER TO FIND

2 OTHER CHARACTERS ACT AS CLUES, TO SUGGEST SIMILARITIES...

3 ...OR DIFFERENCES WITH THE SECRET CHARACTER

YOU HAVE 5 ROUNDS TO FIND THE SECRET CHARACTER. IF YOU DISCARD IT, YOU ALL LOSE! THE PLAYER WHO GIVES THE CLUES CANNOT SAY A WORD... WILL YOU BE ON THE SAME WAVELENGTH?

Did you know that you can play with 2 Similo decks at the same time? Try combining this deck with Similo: Fables or Similo: Animals!
