

ScrollView

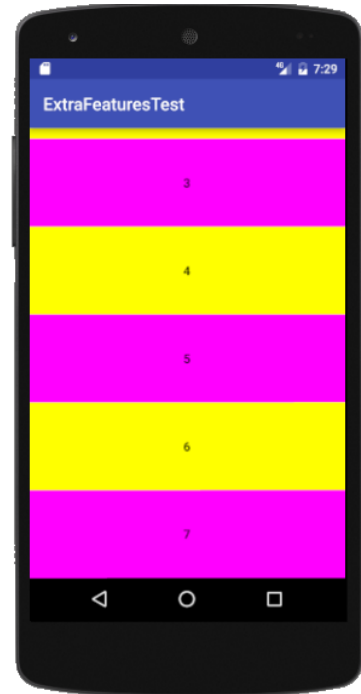

Useful for your instructions screen.

This way you can show multiple screen snapshots and explain stages in your game.

1. Show the beginning.
2. How to move.
3. How to win
4. How the other buttons on the screen work.

By putting it in a linear layout and then adding the linear layout to a scroll view, you will be able to add all of this information to the screen.

```
<?xml version="1.0" encoding="utf-8"?>
<LinearLayout xmlns:android="http://schemas.android.com/apk/res/android"
    xmlns:tools="http://schemas.android.com/tools"
    android:layout_width="match_parent"
    android:layout_height="match_parent"
    android:orientation="vertical"
    tools:context=".MainActivity">

    <ScrollView
        android:layout_width="match_parent"
        android:layout_height="match_parent">

        <LinearLayout
            android:layout_width="match_parent"
            android:layout_height="wrap_content"
            android:orientation="vertical">
```

Replace this section with the content on your screen

```
<Button
    android:layout_width="match_parent"
    android:layout_height="100dp"
    android:text="1"
    android:background="#FF00FF" />
```

```
<Button
    android:layout_width="match_parent"
    android:layout_height="100dp"
    android:text="2"
    android:background="#FFFF00" />
```

```
<Button
    android:layout_width="match_parent"
```

```
        android:layout_height="100dp"
        android:text="3"
        android:background="#FF00FF" />

        <Button
            android:layout_width="match_parent"
            android:layout_height="100dp"
            android:text="4"
            android:background="#FFFF00" />
        <Button
            android:layout_width="match_parent"
            android:layout_height="100dp"
            android:text="5"
            android:background="#FF00FF" />

        <Button
            android:layout_width="match_parent"
            android:layout_height="100dp"
            android:text="6"
            android:background="#FFFF00" />
        <Button
            android:layout_width="match_parent"
            android:layout_height="100dp"
            android:text="7"
            android:background="#FF00FF" />
    </LinearLayout>
</ScrollView>
</LinearLayout>
```
